TO WHOM IT MAY BE OF CONCERN

CARLA RADEMAN, RSA ID: 9602170043081

I Have come to know Carla over the past two years during which she assisted us on an ongoing basis.

I have found her to be diligent, hard working and very capable in the execution of her assigned projects. She has good people's skills and gets on well with Clients. Carla is a creative designer and projects were assigned to her to execute independently. Her technical, construction and contractual knowledge were a positive contribution to the office. Carla is proficient in all the architectural software we use and was able to assist us not only with conceptual presentations but also design development and technical documentations.

I will recommend Carla to any architectural practice.

You may contact the writer for more background information.

A handwritten signature in black ink, appearing to read "D. van der Merwe".

Daniel van der Merwe
Pr. Arch
Director Leaf Architects
